INTRODUCTION

Surah 15:9 "Indeed, it is We who sent down the Qur'an and indeed, We will be its guardian."

Dearest in the religion of Islam as delivered unto Muhammad in the 7th century, the book you are holding in your hand is so powerful to the extent of enlightening you more about the Quran because it will widen your scope of the Quran as your knowledge of the Islamic scripture will be broadened and hidden facts which the Islamic scholars have been hiding will be exposed to the fore without been biased.

Allah in the Quran said in Surah 5:101 "O you who believe! Ask not about things which, if made plain to you, may cause you trouble. But if you ask about them when the Quran is being revealed, they will be made plain to you. Allah has forgiven that, and Allah is Oft-Forgiving, Most Forbearing." also the Quran said in surah 4:82 "If they had consider this Quran they would have known it is from none other than Allah" The Quran even go further to challenge its critique to bring a verse or Surah like it if they are not deceptive. Surah 10:38, surah 2:23 and in surah 21:5 the people were also challenged to bring a verse like the Noble Quran. The

boldness of the author of the Quran made us to critically study the book and this book is the result of our findings on its claim of being the word of Almighty God.

Dear reader, it is generally believed that knowledge is paramount in one's life and seeking for the truth is a principal thing. Today many search for knowledge in order to accumulate wealth and enrich themselves, while they never ponder on knowing the truth about Almighty God. Every man on earth not excluding the Muslim sects e.g. Sunnis, Shia, Ahmadis, Suffis, Salafis and the entire people including you the reader must not forget that death is constant with every souls Surah 3:185: Therefore before death lays its icy finger on us let us reason and think deeply as we must be willing to tilt towards the truth whenever it is found.

Dear reader, another reason for this booklet is to help many a Muslim who are ignorant of the statuesque of the Quran due to the fact that they are not reading it with a critical mindset and few who read, do not have a grasp of its meaning. Though they carry it around like a donkey with loads of books on its back without study as seen in surah 62:5. It is unfortunate that many Muslims had to depend on the limited knowledge of their Ustaz, Ulamas and Imams not to mention renowned Islamic

FAATIOKODORO

Dawah preachers gallivanting around the globe for its interpretation while few others depend solely on their limited knowledge - due to the language barrier of the Arabic - to interpret the Quran and in doing so they ended up giving the Quran a new meaning different from its original purpose of its author.

Many Muslim today feel unconcerned for the problem found in the noble Quran as they now run to chase shadow looking for errors in the Christian Bible and instead of studying the Quran they spent ridiculous hours finding faults in the Bible. Meanwhile few others often seek after magic and demonic powers like reading palm and sand reading deviating from seeking the truth. Many others even rely on the help of the jinn in carrying out their nefarious activities against their fellow humans while Muhammad himself in the hadith confessed that "He had not been sent with any miracle but he was just a plain warner and this found severally in the pages of the Quran check these references : surah 26:115, Quran 15:89, Surah 67.26, Surah 38:70, surah 71:12, surah 7:184, surah 22:49, surah 51:50, surah 46:9. Due to my careful study I have the privilege of telling you - if you care to know - that Muhammad did not perform any single miracle in his days as the messenger of Allah but rather a Jewish man called Labid casted a magic spell on him and as a resort got hypnotized and

he began to imagine he had sexual relationship with his numerous wives while in the reality he did not? Sahih al-Bukhari 3175.

Lastly, do you know that the stories in the Christian bible are mostly criticize and misrepresented by the Islamic Dawah preachers today - all over the world - found their way into the Quran as seen in: Surah 5:32 copied from the Jewish Talmud Sahendrin 4:1(22a), surah 21:105 directly found in Psalm 37:28 and sometimes in the hadith Sunan Abi Dawud 3892, 3883 copied the Lord's prayer in Mathew 6:9-13, and Sunan Ibn Majjah 4025 copying Luke 23:34, Sahih Al Bukhari vol 9 book 93 number 589 copied from 1Cor 2:9 and many others like Eesa talking from the cradle, making a bird from the clay are copied directly from the Arabic version of Infantile gospel. If all these plagiarized stories are take out of the Quran the Quran will only remain two pages or few sheet of A4 paper. The question anyone who is a lover and a seeker of the truth should ask what are these stories doing in the Quran and how do these stories crept into a book supposed to be called a revelation of the hidden things unknown to mankind. If you hate criticism kindly drop this booklet at this point but in case you are one of the true seeker with an open mind Kindly open to the next chapter of this book to get the fact about your Quran that has been hidden from you.

CHAPTER ONE

WHAT IS THE QURAN?

In the world today, every Muslim need to work seamlessly and strife endlessly in other to know which of the Quran version that could be read to get details of could not forget quickly that there are about 37 different Arabic versions of the Quran in circulation as at today in the world.

In case you are in doubt on this kindly check this website www.darafilker.com, www.alquranonline.com or contact the author of this book to have a direct link to the website you could use to have any of these different Arabic Quran or better still travel down to the northern African countries to have a glimpse of these variant Qurans.

However, most of these 37 Arabic Qurans are not evenly spread across the world today because the. Meanwhile, some of the Muslim scholars are striving assiduously to suppress the truth about the different Arabic Quran not wanting them to get to public domain. Before I go any further, let's examine what the hadith said about the Quran: Quran is the compilation of revelation sent to Muhammad via Jubril which was reviewed till it was in seven different ways (harufs)

Sahih Al Bukhari 3219. Meanwhile, Allah himself in the Quran said He caused Muhammad to forget the revelation and therefore similar or a better revelation in replacing the previous ones Surah 2:106. You can actually have the various 37 Arabic Qurans in the store for your reading and you could confirm the variances in them.

Since you chose to read this book up till this page, permit me to inform you that Ibn Massud's Quran contain 111 chapters, Ubbay Ibn Kaab Quran has 116 chapters, Zayd Ibn Thabit contain 114 chapters meanwhile the third Khaliph from Muhammad Othman while trying to collate the Quran into one codex ended up burning all other Quran manuscripts (either in fragment or in whole) used Zayd ibn Thabit 114 chapters as found generally in today's Quran. Sahih Al Bukhari vol6 book 61 number 510 Yasir Qadhi one of the leading Islamic scholars who know his onions said – in one of his interviews on the internet - that there is a hole in the standard narrative of the Quran. The question you must ask as a truth seeker is that where the manuscript of the Quran that came from Allah is? Which of these 37 Arabic Qurans is the Quran of Allah: Zayd bin Thabit, Ibn Massud, Ubbay Ibn Kaab, Othman or that of Rashad Khalifas which is missing 2 verses in surah 9:129-130?

The Quran was to be taken from four people as Muhammad suggested (Ibn Massud, Ubayy ibn Kalb, Mu'adh bin Jabal and Salim the freed slave of Abu Hudhaifah) Jamiat Timidh 3810. However, the most popular Quran Muslims read today was collected by Othman according to the recitation of Hafs who was regarded as a liar, not trustworthy, and a thief. He often borrowed books and never returned them (Al-Albani, Irwaa- Al-Ghaleel, Volume1 page 260, Ahmad Ibn Hambal, Al-Ilaal, volume 2 page 502 Al-Bukhari, Al-Duwafaa- Al-Sagheer, Page 35, Al-Imam Muslim Ben Al-Hajaja Al-Naysaburi, Sahih Muslim: The authentic adiths of Muslims [Dar Al-Kotob Al-Ilmiyah, Beirut, Lebanon 2005] page 10) Ibn Ma'sud Quran is missing some chapters while Ubbay Quran is adding two chapters while in today's Quran we have 114 chapters contrary to the companions originally assigned to collect and collate the Quran. Furthermore Allah in the Quran said it is on us (Allah) its collation and recitation Surah 75:17-18 yet mortal men collected the Quran and began its recitation. How can we trust such a book?

Rashad Khalifah the man who propounded the popular theory of miracle of number 19 have two verses erased from his Quran surah 9:129-130 is missing out in his Quran and after he was murdered by embittered

Muslims his teeming followers keep this secret away from the Quran printed in 1924 at Cairo Egypt and still in use up till today.

We are convinced if the Quran is the word of God with a promise of divine preservation it will never contain error, condemn, contravening word or scientific error. In fact the Quran has placed itself on a pedestal of judgment that if it were not from Allah much contradiction could have crept into it. Surah 4:82.

All these Arabic Qurans are supposedly from the same source of knowledge - Allah but to our surprise - in all these Arabic Qurans there are many omissions and differences in all of them if carefully placed side by side. If you are true seeker you will notice lot of differences in these Arabic Quran and you need to speak up. Thanks to the Muslim who actually compiled the 10 readings of the Quran this made the differences and the discrepancies to be enlarged and made it possible for anyone seeking the truth to notice them without been biased. After all said and done, the claim of the Muslim polemicists that the Quran had been preserved to its letters, dot, words, and phrases falls to the ground before our faces and anyone trying to stand by this claim is nothing more than a liar that needed to be exposed. What are you waiting for? Go get your copy from the store and lock yourself in the room of study to see things yourself and do not wait for any scholar who would put a wool across your faces and leads you across the garden path.

CHAPTER TWO

1. How many angels spoke with Maryam during the annunciation of Eesa? According to Surah 19:17-22 a spirit from Allah spoke with her whom she called her Lord but in surah 3:42-45 there were many angel. Why was the author of the Quran reporting same event with varying numbers of angel?

CHAPTER THREE

THE VARIANCES IN THE ARABIC VERSIONS

Below are examples of variances in the Quran and you will have to take out your Quran to check these references you might need to visit www.nquran.com for other versions of the Arabic Qurans.

Surah 2:140 Hafs says taquuluuna it means in you say “ in warsh quran surah 2:138 page 21 Yaquuluuna it means; They Say.

Surah 3:146 in hafs quran it says “ Qaatala it means fought meanwhile in Surah 3:145 warsh version it says qutila it means killed.

Surah 2:184 in hafs it reads miskeena where as in surah 2:183 of the warsh quran page 28 it reads Masaakeena which means many poor men.

In surah 19:77 of the hafs it reads waladan it means a child however in warsh quran it means wuldan it means children.

Surah 37:130 of the hafs it reads it Yaseen Elias while the warsh reads alia yaaseen which reads family of Elias.

In surah 98:6 of the hafs it reads Al bareiyati it means creature while in warsh quran it reads Al asbahaani al bareiti which means innocent.

Do you know the Quran in its revealed form had no vowelization and diacritical mark? The question a sincere Muslim should ask is that who assisted Allah in inserting the mark after the demise of Muhammad and by whose command? When in the Quran, we are told that the deen has been made completed and perfected in the time of Muhammad surah 5:3.

In all the chapters of the Quran except one named surah awtabah (chapter nine) in the name of Allah was written boldly at the top however, if the entire Quran is actually the word/speech of Allah we need to ask who is saying in the name of Allah on all these chapters and if it is not part of the Quran who added and positioned it at that spot?

The Quran claimed to have been sent in pure Arabic tongue then the question arise who inserted foreign

FAATIOKODORO

words in the Arabic Quran. Words like; Injil, Jubril, Aesa, Israfil, Israel, Maryam etc.

The Quran is acclaimed to be a clear and well detailed book in pure Arabic tongue surah 16:103, surah 39:28. Muslims need tell us the meaning of Alif, Lam, Mim, Ra, Ya-Sin as found in surah 11:1, surah 13:1, surah 36:1 and why would all knowing God reveal alphabet letters as a revelation and only him know their meanings. We need to know how do these Arabic letters became a revelation to mankind. Since the Quran is completed, Muslims also need to show us a direct verses where the five Solat was commanded in the Quran and how the Rakka and the Rukku are to be done.

How can the lifestyle of Muhammad as found in surah 80:1, surah 66:1-4, surah 33:37, surah 33:50-53 and the likes talking about him getting caught red handed by his wives sleeping with a slave girl on his wife matrimonial bed, his misbehavior to the blind, and to Zaed his adopted son found written in the Quran as a revelation Surah 66:1-4, 80:1, Surah 33:37

CHAPTER FOUR

SOME MISSING REVELATIONS

Aisha the mother of all the believer said while they were preparing for the burial of Muhammad (SAW) a tame sheep came and ate the Quran and that is why the verses of adult breastfeeding (ten Sucking) and Stoning is missing in the Quran Muslims use today – Sunan Ibn Majah 1944.

In Ibi Abi Dawud, Kitab al-manhif we read that “Many of the passages of the Quran that were sent down were known by those who died on the day of Yamama...but they were not known (by those who) summon them, nor were they written down, nor had Abu Bakr, Umar or Othman (by that time) collected the Quran, nor were they found with even me (person) after them.

Ibn Massud advised Muslims to reject, Zaid Ibn Thabit's Quran and to keep their own versions ever to hide them so that they would not be confiscated by the government: he said, Jamiat Tirmidhi 3104; O you Muslim people, avoid copying the Mushaf and recitation of this man. By Allah! When I accepted Islam he was but in the coins of a disbelieving man – meaning

FAATIOKODORO

Zaid bin Thabit –and it was regarding that Abdullah Bin Masud said “O people of Al-Iraq keep the mushaf that are with you and conceal them”

Ubayy Ibn Kab was Muhammad best reciter and ones of the only Muslims to collect the materials of the Quran during Muhammad lifetime. Yet BN Ka'b belief that Zaid's Quran was missing two chapters later Muslims were therefore forced to reject some of IBN Ka'b recitation Sahih Bukhari 5005.

Umar said, "Ubayy was the best of us in the recitation (of the Quran) yet we leave some of what he recites" Ubayy says “I have taken it from the mouth of Allah's messenger and we will not leave it for anything whatever.”

MISSING CHAPTERS

When Ibn Umar - the son of the second Muslim caliph - heard people declaring that they knew the entire Quran, he said to them “ let none of you say I have learnt the whole of the Quran for how does he know what the whole of it is, when much of it had disappeared? Let him rather say “I have learnt what extant thereof” (Abu Ubaid, Kitab Fada'il-al-Qoran). Abu Musa one of the companions of Muhammad also confessed that the early Muslim forgot two Surah of the Quran due to laziness. –

Sahih Muslim 2286

MISSING PASSAGES

Large sections of certain chapters came up missing – roughly two Surah, third of Surah 33 was also lost Abu Ubaid, kitab Fada' al-Quran. Aisha...said “surah al-Ahzab used to be recited in the time of the prophet with two hundred verses, but when Othman wrote out the notices he was unable to procure more of it than there is in it today (73 verses).

... furthermore in the above mentioned narration Zayd ibn Thabit (ra) said: “[...] one of the verses of Surah Al-Ahzab was missing which I used to hear Allah's Apostle reciting. [...]” Sahih Al Bukhari vol 4 book 52 number 62S

MISSING PHRASES

Some phrases were lost in the Quran Muslim read today. Surah 33:6 declare that the prophet is closer to the believer than their own selves and his wives are their mothers “Ubayy Ibn Ka'b and other early Muslims held that a phrase “and he is father of them” is missing from this verse. Yusuf Ali's commentary affirm this. Abdullah Yusuf Ali, the meaning of the Holy Quran wrote 3674. Also opening Surah 2:238 in modern Quran it read “Guard strictly your habit) of prayers especially the middle prayer and spend before Allah in a devout (frame of mind). According to Aisha,

Muhammad recited this verse as follows:

“Guard strictly (the five obligations) prayers, and the middle salat and salat Al-asr and stand before Allah with obedience” Jami at-Tirmidih 2982. Therefore, the phrase, and salat Al-asr is missing from today's Quran.

Muslim must ponder in the Quran and sincerely asked can this Quran be a direct speech of Almighty God or a concoction of someone in the 7th century. As we have noticed there is not any Quranic manuscript that dated back to Muhammad or Othman and therefore we need to ask a pertinent question to know exactly the cause of this problem? If the Quran is actually a direct speech of Allah then Allah is not Almighty as he failed in His promise of keeping the Quran free from errors and discrepancies. It is so unfortunate that Muslims today cannot lay hold on the complete original manuscript of the Quran of Allah which dated back to 7th century little wonder a Saudi Arabian journalist after a careful academic study of the Quran came out with thousands of grammatical blunders and errors in the 1924 Cairo edition of the Quran. This alone made the Quran to fall short of been categorized as the word of God Almighty and the Journalist thereby called for the correction and upward review of the Quran.

Finally, dear reader can you beat your chest and say boldly that a book containing historical fallacies like calling Maryam - the mother of Isa - the sister of Aron and as if that was not enough went even further to call her the daughter of Imran the father of Moses who had lived a thousand years before Maryam. Surah 19:27-34, Surah 66:12.

Would you believe that the water emerging from the backbone of a man and the rib cage of a woman formed the fetus that become baby? If you will still belief in the Quran as the word of Almighty God then you will have to throw your scientific knowledge of the solar system into the bin as you will have to belief that the sun set in the pool of murky water as found in Surah 18:86 and then goes to prostrate under the throne of Allah so as to seek fo permission to rise the following day. Sahih Muslim 159a

The Quran also said that Allah created seven earth in the same numbers like the created heaven as mentioned in the Quran "It is Allah who has created seven heavens: and earths as many ..." S. 65:12,

FAATIOKODORO

Narrated Muhammad bin Ibrahim bin Al-Harith:
from Abu Salama bin 'Abdur-Rahman who had a
dispute with some people on a piece of land, and so he
went to 'Aisha and told her about it. She said, "O Abu
Salama, avoid the land, for Allah's Apostle said, 'Any
person who takes even a span of land unjustly, his neck
shall be encircled with it down seven earths.'" (Sahih Al
Bukhari 3195, 2452, 4285, Mishkat al Masabih 2938,
2958, Al Adab Al Mufrad 709{Daif}).

□ More troublesome is the personality of the god
speaking in the Quran, the indiscriminate usage of
pronouns such as: I, We, Us, Me, Our throwing the
Arabic grammar rules into the wind punctured a
greater holes into the Quran as it made it so difficult for
any sane mind to belief it came from a single author. In
fact reading different verses of the Quran often raise
dust on the personality of the speaker. Few of such
verses are listed below:

- Surah 27:91 I have been commanded to worship the
Lord of this city
- Surah 70:40 So I swear by the Lord of the Easts and
the Wests
- Surah 9:30 ...May Allah curse be on them...
- Surah 1:4-5 you alone we worship
- Surah 39:2 ...so serve Allah offering HIM sincere
devotion

- Surah 39:3 ...is it not Allah that sincere devotion is due?...Truly Allah will judge
- Surah 11:1-3 (the parenthesis was inserted to cover up the problem in this verse) serve none but Allah
- Surah 39:53 ...O servant of Allah
- Surah 63:4 ... The curse of Allah be on them (Allah saying this about the Jews and the Christians)
- Surah 66:3 even knocked Muhammad out of the possibility of been the person who spoke in the Quran
- Surah 3:47 also pointed it out for any true seeker that it was not Jubril speaking ...the angel answered...
- Surah 19:17 also proof that Jubril never spoke to anyone. Then we sent to her our spirit then he appeared to her as a perfect man.

Considering all these verses and lots more, the personality of the person speaking in the Quran is unknown and problematic even to the scholars.

In conclusion, the presence of variances, missing verses, chapters and phrases, serious errors, contradictions, and discrepancies and historical fallacies in the Quran you are holding (like stars been the missile Allah use in shooting at devil that come to spy on Allah surah 67:5, surah 37:6-8, Shaitan an hermaphrodite as found in the tafsir of Al Quturbi on Surah 17:50.) made us to draw a conclusion that the

FAATIOKODORO

Quran is not a revelation and the claim that it was revealed by All knowing God is false. We have not even looked at the authors and the multiple scribes and the timing of its recording. Without doubt, all of these raise doubts about the Quran's status as the direct speech of Almighty God. Muslims are encouraged to critically examine these issues and reconsider their stand on whether the Quran is the unaltered word of God or a product of 7th-century men in the Arabian Peninsula. It's crucial to engage in thoughtful reflection and seek a U-turn in your faith journey. Remember it has been appointed unto men to die once and after this judgment. Hebrew 9:27. I am inviting you to come to Christ in whose name only you get salvation leading to eternal life. Act of the Apostles 4:12
